Sharps Container

- Designed for use in restricted access areas
- Nestable construction maximizes storage efficiency and reduces logistical expenses
- Various lid design accommodates various medical sharps sizes and allows glove-friendly one-handed operation
- Clear fill-level indicators prevent overfilling
- Irreversible audible-lock system secures leak-proof containment and transport safety
- Optional wall-mounted brackets (sold separately) enable vertical space utilization
- Color: customizable
- Material: PP

Packaging & Bedside

Plastic Emesis Basins

- Molded graduations in milliliters and fluid ounces
- Ideal for oral hygiene and ear irrigation
- Also available in pigment-free to support "greener manufacturing "
- Color: customizable
- Material: PP

Guidewire Bowls

- Sturdy bowl with lip provides a secure location for guidewires during procedure prep
- Five integrated tabs help ensure wires stay in place
- Easy to hold even while wearing surgical gloves
- Versatile design with raised measurement gradations so bowl can also be used to hold fluids
- Available with or without storage lid
- Color: customizable
- Material: PP

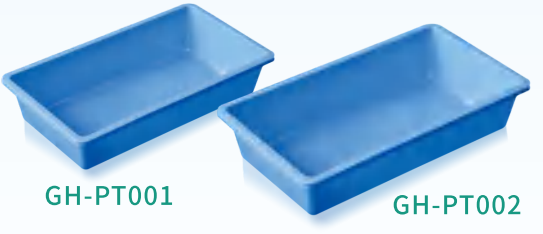

Nonsterile Plastic Bowls

- Nonsterile bowls are made of durable plastic
- Imprinted graduations make it easy to measure and view liquid levels
- Color: customizable
- Material: PP

Plastic Deep Prep Trays

- Multipurpose trays can be used in various applications
- Ideal for storage and for transporting instruments or kits patient rooms and procedure rooms
- Color: customizable
- Material: PP”

Item No.	Product Name	Specification	Product Size (L*W*H cm)	Packing (PCS/Carton)
GH-EB500	Plastic Emesis Basins	500ML	22.2*11.3*4.5	250
GH-EB700	Plastic Emesis Basins	700ML	24.2*13.0*5.0	250

GH-PT002	Plastic Deep Prep Trays	2500ML	31.5*26.0*5.0	200

Bedside Service Trays

- Trays hold different combinations of carafes, pitchers and tumblers
- Deluxe version features ridges to help keep accessories dry and prevent sticking to the tray
- Also available in pigment-free to support "greener manufacturing"
- Color: customizable
- Material: PP

GH-BST001

Male Urinals

- Urinals store on their side preventing accidental tipping with handle that fits on most bedrails
- Lids are splash proof to prevent spilling
- Neck angle helps keep contents contained
- Graduated in ounces and milliliters with volume of 32 oz./1,000 ml
- Deluxe-style urinals include glow-in-the-dark lid
- Compatible with Urinal Holders
- Color: customizable
- Material: PP

GH-MU1000

Stackable Bedpan

- Stacking feature helps save storage space
- Fit over standard toilet when seat is raised
- Graduated in ounces and milliliters to 40 oz./1,200 ml
- Total volume is 55 oz./1,600 ml
- Color: customizable
- Material: PP

GH-SB1600

Item No.	Product Name	Specification	Product Size (L*W*H cm)	Packing (PCS/Carton)
GH-BST001	Bedside Service Trays	/	15.2*25.4*0.6	500

GH-SB1600	Stackable Bedpan	1600ML	36.0*28.0*7.0	50

Packaging & Bedside

Detachable Bedpan

- Detachable construction maximizes storage efficiency and reduces logistical expenses
- Lightweight and saddle-shaped, these bedpans have a coccyx groove for extra comfort
- High-rolled front and undercut rear help prevent spills; grooved bottom separates liquid from solid
- The detachable design allows for easier cleaning
- Graduated in ounces and milliliters to 40 oz./1,200 ml
- Total volume is 85 oz./2,500 ml
- Color: customizable
- Material: PP

GH-DB2500

Sitz Baths

- Sitz baths provide soothing rectal and perineal soaking therapy
- Graduated 2,000 mL solution bag has imprinted instructions and can be hung from practically any available fixture
- High-impact plastic bowl is contoured for patient comfort; shut-off clampon tubing controls solution flow
- Bowl fits over standard toilets
- Color: customizable
- Material: PP

GH-WB001

Plastic Forceps

- long plastic forceps
- Color: customizable
- Material: PP

GH-PF001

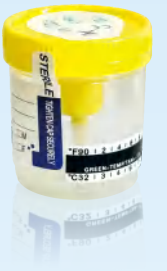

Item No.	Product Name	Specification	Product Size (L*W*H cm)	Packing (PCS/Carton)
GH-DB2500	Detachable bedpan	2500ML	33.0*28.0*11.0	8
GH-WB001	Sitz Baths	2000ML	37.2*36.3*11.8	10
GH-PF001	Plastic Forceps	/	11.0	400

Sampling & Testing

Sterile Containers with Temperature Strip

- Urine can be safely transferred to one or more tubes without exposure to the specimen using the convenient integrated transfer device
- Graduated to indicate 3oz or 90ml / 4oz or 120ml of urine for added convenience
- Color: customizable
- Material: PP

GH-SCTS

Urine Specimen Container

- Tamper-evident seal helps ensure inside of container is sterile
- Leak-resistant container features tight seal to prevent leakage
- Container features patient ID label
- Color: customizable
- Material: PP

GH-USC

Sterile Plastic Bowls with Lids

- Durable plastic bowls with molded graduations
- Graduated in ounces and cubic centimeters
- Disposable to help reduce risk of cross contamination
- Choose with lid or lid-free
- Color: customizable
- Material: PP

GH-SPB

Sampling & Testing

Triangular Graduated Containers

- These easy-to-handle triangular containers are ideal for measuring intake or output
- They feature a frosted panel for writing pertinent patient information
- Color: customizable
- Material: PP、PC

GH-TGC32PP

Plastic Specimen Collector

- Provides efficient collection of stool and urine samples
- Graduated in ounces and milliliters
- Reinforced wing strength for durability
- Extended wing length to fit most standard-size commodes
- Color: customizable
- Material: PP

GH-SC800

GH-SC1000

GH-SC900

Unlabeled Plastic Sundry Jars

- Each jar includes removable overlapping plastic cover
- Set includes 5 plastic jars complete with plastic lids
- Reusable
- Not autoclavable
- Color: customizable
- Material: PP
